| HSC – Percentage – <b>86.50%</b>                                 |             |
| Adarsh vidya mandir Maharashtra board                            | 2019        |
| SSC – Percentage – <b>80.80%</b>                                 |             |

## SKILLS

---

- Programming Languages: Java, MySQL, JavaScript
- Technologies: HTML, CSS
- Others: MS Office, Canva, Figma
- Development Tools: VS Code, XAMPP, IntelliJ IDEA
- Interpersonal Skills: Positive Attitude, Creativity, Time Management

## PROJECTS

---

### Employee Management System (*Java, MySQL, JDBC, IntelliJ IDEA*)

- Developed using **Java** and **MySQL**, with **IntelliJ IDEA** as the development tool
- Web-based application to manage employee records and attendance
- Admin can add, view, update, and delete employee information
- Uses **JDBC to connect Java code** with the MySQL database for real-time data operations
- Clean and **user-friendly** interface designed for efficient data management by HR/Admin

### Fashion Mart – E-Commerce Website (*MySQL, HTML, CSS, JavaScript, Bootstrap*)

- Frontend built with **HTML, CSS, JavaScript**, and **Bootstrap**
- Backend developed using PHP and MySQL
- Multi-role admin dashboard with logistic and order management
- Users can add/manage cart items, track shipping, and edit item info
- Connected to MySQL for product and user **data handling**
- Integrated **Razorpay Payment Gateway** for secure online transactions, tested in sandbox mode for multiple payment methods (UPI, cards, net banking).
